

Adopt-a-School

Help Us Reach and Disciple the Children in Public Schools!

Why ADOPT-A-SCHOOL?

For the past 10 years we have been reaching and discipling children with a very effective 14 lesson book called "Seedlings".

The focus whenever possible is on the nine year-old, grade four student. We have found that the nine-ten year old can make important life-changing decisions which can carry them through their teen-age years and into adulthood.

When we started Seeds International over 12 years ago we asked people to help us one-child-at-a-time. Over these years we have discovered that because we are working with children in public classrooms, we are unable to get their names and to provide personal information about each child to our donors.

We are able to provide the names and photos of the schools where we work. The principals and teachers are constantly changing and the students are growing through their school every six years. We constantly are updating our information. Every school is filled every year! And we are there!

Our motto is "Every School – Every Student – Every Year". We achieve this in Barbados and Grenada through our local national leadership which is closely tied to the school system and through our short-term teams which reach over 100 school assemblies every year.

We are asking you to partner with us in these schools by sharing or fully adopting one or more schools. Invite other family members or a group of friends and – Adopt-a-School!

We will keep you informed of our progress on a regular basis.

Keith Parks

Focus on the Elementary Schools of Barbados and Grenada!

There are 70 public schools in Barbados and 30 Government schools in Grenada. There also some private and church-based schools in each country. At this time SI is welcome and active in 100 schools within these two island countries of the Caribbean.

We provide teacher training and Seedbags on an annual basis. Our short-term teams are making a Gospel presentation in almost all of these schools in 2011 and a goal to reach them all again in 2012. More than 30,000 children hear the Gospel and are encouraged to follow Jesus each year.

Through ISCF in Barbados and the grade four classes of Grenada SI is sharing in-depth understanding with about 3,000 children each year.

Would you help us by focusing your prayers and your support. You may "Share-a-School" with family members or a group of friends. You may wish to adopt your own school. We provide you with photos of the school and regular updates of our ministry in your school.

Now is the time to "Adopt-a-School"

Share/Adopt	Per Month	Per Year
25%	\$25	\$300
50%	\$50	\$600
75%	\$75	\$900
100%	\$100	\$1,200
